

AQUAOAKS ARTISTIC SWIMMING CLUB

Standing Orders 2023-2024

You will need to set up a **standing order** through your own bank yourself. Standing orders should be paid on the **1st of every month**.

Week night training fees are based of 35 weeks of swimming per year. Weekend training fees are based of 40 weeks of swimming per year. AquaOaks divides the annual club membership fee into 12 equal monthly payments. Monthly charges are due **all year round** regardless of holidays.

The monthly amount payable per swimmer can be found on the page below. The **maximum** membership payment per child, per month, is **£150**

Please arrange payment via a standing order to:

Account name: AQUAOAKS ARTISTIC SWIMMING

Sort code: 60 - 19 - 02

Account number: 30278635

Your standing order **MUST** have your swimmer's Full Name as a reference otherwise we will not be able to accept your payments and your swimmer's place could be lost. If you are leaving the club, we require that you give us **one months notice** before cancelling your Standing Order. The above rates will be applicable until the 1st August 2024 after which we will conduct our annual review of fees. **Please ensure your membership payment is set up as one total payment per child. Do not set up separate standing orders per class and do not combine sibling payments.**

AquaOaks does not offer refunds for incorrectly paid fees, due to the admin time that it is taking for us to account for over payments. **Please note that all of our admin work is unpaid and voluntary.** Please make sure your standing order is set to the correct amount by using the payment structure attached below. **Over payment CANNOT be kept in balance and used for any future payments.**

It is a condition of membership of AquaOaks Artistic Swimming for all monthly fees to be paid this way in order to ensure that fees are paid on time and to simplify the accounting.
