

STANDING ORDERS 2024/2025

Aquaoaks Artistic Swimming Club

You will need to set up a **standing order** through your own bank yourself. Standing orders should be paid on the **6th of every month**. Your standing order **MUST** have your swimmer's Full Name and Main Squad as a reference. Please ensure your payment is set up as one total payment per child. Do not set up separate standing orders per class and do not combine sibling payments. It is a condition of membership of Aquaoaks Artistic Swimming for all monthly fees to be paid this way in order to ensure that fees are paid on time and to simplify the accounting.

Week night training fees are based of 35 weeks of swimming per year. Weekend training fees are based of 40 weeks of swimming per year. Aquaoaks divides the annual club membership fee into 12 equal monthly payments. Monthly charges are due **all year round** regardless of holidays. The monthly amount payable per swimmer can be found on the page below. The **maximum** monthly payment per child, per month, is **£130** (excluding Wednesdays and Annual Membership Fee).

Please arrange payment via a standing order to:

Account name: AQUAOAKS ARTISTIC SWIMMING

Sort code: 60 - 19 - 02

Account number: 30278635

If you are leaving the club, we require that you give us **one month's notice** before cancelling your Standing Order. If you give notice for the end of the season and your swimmer trains or competes in July, payment is due for the whole season including August, irrespective of the date notice is given.

The above rates will be applicable until the 1st August 2025 after which we will conduct our annual review of fees.

Aquaoaks does not offer refunds for incorrectly paid fees, due to the admin time that it is taking for us to account for over payments. **Please note that all of our admin work is unpaid and voluntary.** Please make sure your standing order is set to the correct amount by using the payment structure attached below. **Over payment CANNOT be kept in balance and used for any future payments.**
